

Brief Introduction to Texas Legislature Online (TLO)

TLO provides multiple services to the public to view legislative activity—in both the House and Senate.

You will find the TLO Home Page here:

<https://capitol.texas.gov/Home.aspx>

Much of what you need can be found on the Home Page. For instance, in the righthand column, there is a way to watch videos of Committees and Floor activities.

If you wish to track bills, you must take the additional step of registering for a free account. You will find the Login link in the upper-right-hand corner of the Home Page. From there, you can make Bill Lists and Alerts for legislation that interest you. The system even allows you to track a bill's movement from filing to the Governor's signature.

On the Home Page, you will also find a list called "How Do I..." that you can use to ask specific questions as you get acquainted with the service. Here is another way to find the same information: <https://capitol.texas.gov/resources/followabill.aspx>

While there is much more to TLO, hopefully this will get you started.
